Questions for My Specialist	Notes
What is my diagnosis?	
What is my treatment goal?	
Can you explain the tests you are ordering?	
What can worsen my symptoms?	
How will my condition be treated and monitored?	
What is combination therapy?	
Are you prescribing anything new today?	
Should I keep taking the medications I am currently taking?	
Are there other things I should do to help manage my condition?	
How will my condition impact my everyday life?	
What is an appropriate level of physical activity for my diagnosis? Do I have any restrictions in my activity?	
How often should I come back to see you to monitor my condition?	
What should I do if my symptoms increase?	
Can you recommend support options for me?	

For help locating a specialist, understanding test results or general questions about your lungs, call the Lung Association's Lung HelpLine at 800-LUNGUSA.
